Performance data represents past performance, which does not guarantee future results. Current performance may differ from figures shown. The fund's investment returns and principal values will change with market conditions, and you may have a gain or a loss when you sell your shares. Please call Franklin Templeton at (800) DIAL BEN/(800) 342-5236 or visit [franklintempleton.com](http://franklintempleton.com) for the most recent month-end performance.

If the sales charge had been included, the return would have been lower.

### Fund Measures

AMT Exposure	3.75
Average Duration	6.82 Years
Average Weighted Maturity	18.37 Years
Standard Deviation (3 Yrs) - Class A	3.81%

**Composition of Fund**

Sector	% of Total	State / U.S. Territory Exposure	% of Total
Local	29.01	Oregon	94.06
Transportation	13.02	Illinois	1.20
Health Care	11.90	New Jersey	1.09
Refunded	10.35	New York	0.71
State General Obligation	7.79	Alabama	0.61
Education	7.62	Cash & Cash Equivalents	0.45
Utilities	6.29	Tennessee	0.35
Special Tax	4.72	Washington	0.19
Housing	4.03	Texas	0.05
Others	4.83	Puerto Rico	1.29
Cash & Cash Equivalents	0.45		

**What Are the Risks?**

All investments involve risks, including possible loss of principal. Because municipal bonds are sensitive to interest rate movements, the fund's yield and share price will fluctuate with market conditions. Bond prices generally move in the opposite direction of interest rates. Thus, as prices of bonds in the fund adjust to a rise in interest rates, the fund's share price may decline. Because the fund invests principally in a single state, it is subject to greater risk of adverse economic and regulatory changes in that state than a geographically diversified fund. Puerto Rico municipal bonds have been impacted by recent adverse economic and market changes, which may cause the fund's share price to decline. Changes in the credit rating of a bond, or in the credit rating or financial strength of a bond's issuer, insurer or guarantor, may affect the bond's value. The fund may invest a significant part of its assets in municipal securities that finance similar types of projects, such as utilities, hospitals, higher education and transportation. A change that affects one project would likely affect all similar projects, thereby increasing market risk. These and other risks are detailed in the fund's prospectus.

**Glossary**

**AMT Exposure:** Percentage of a fund's assets invested in bonds with income subject to the alternative minimum tax (AMT). For investors subject to the alternative minimum tax, a small portion of fund dividends may be taxable. Distributions of capital gains are generally taxable.

**Average Duration:** A measure of the sensitivity of the price (the value of principal) of a fixed-income investment to a change in interest rates. Duration is expressed as a number of years. The weighted average duration of a fund reflects the effective duration of the underlying issues, based on the size of each holding.

**Average Weighted Maturity (Tax Free):** An estimate of the number of years to maturity, taking the possibility of early payments into account, for the underlying holdings.

**Standard Deviation:** A measure of the degree to which a fund's return varies from the average of its previous returns. The larger the standard deviation, the greater the likelihood (and risk) that a fund's performance will fluctuate from the average return.

**Important Information**

*Investors should carefully consider a fund's investment goals, risks, charges and expenses before investing. To obtain a summary prospectus and/or prospectus, which contains this and other information, talk to your financial professional, call us at (800) DIAL BEN/342-5236 or visit [franklintempleton.com](http://franklintempleton.com). Please carefully read a prospectus before you invest or send money.*

Information is historical and may not reflect current or future portfolio characteristics. All portfolio holdings are subject to change.

For investors subject to the alternative minimum tax, a small portion of fund dividends may be taxable. Distributions of capital gains may be taxable.

**Fund Management:** CFA® and Chartered Financial Analyst® are trademarks owned by CFA Institute.

**Performance:** The fund offers other share classes subject to different fees and expenses, which will affect their performance.

Class A: Prior to 3/1/19, these shares were offered at a higher initial sales charge of 4.25%; thus actual returns would have differed. Total returns with sales charges have been restated to reflect the current maximum initial sales charge of 3.75%. Effective 9/10/18, Class A shares closed to new investors, were renamed Class A1 shares, and a new Class A share with a different expense structure became available. Class A performance shown has been calculated as follows: (a) for periods prior to 9/10/18, a restated figure is used based on the fund's Class A1 performance and including any Rule 12b-1 rate differential as exists between Class A1 and Class A; and (b) for periods after 9/10/18, actual Class A performance is used, reflecting all charges and fees applicable to that class. On 5/1/94, these shares implemented a Rule 12b-1 plan, which affects subsequent performance. Class C: Prior to 1/1/04, these shares were offered with an initial sales charge; thus actual returns would have differed.

**30-Day Standardized Yield:** The fund's 30-Day Standardized Yield is calculated using the net income (interest and dividends) per share earned over a trailing 30-day period (annualized), divided by the fund's share price at the end of that period. It may not equal the fund's actual income distribution rate, which reflects the fund's past dividends paid to shareholders.

**Taxable Equivalent Yield:** The Taxable Equivalent Yield assumes the maximum regular federal income tax rate, maximum state personal income tax, and Medicare tax in effect on June 2021.

**Composition of Fund:** Percentage may not equal 100% due to rounding.
