Performance data represents past performance, which does not guarantee future results. Current performance may differ from figures shown. The fund's investment returns and principal values will change with market conditions, and you may have a gain or a loss when you sell your shares. Please call Franklin Templeton at (800) DIAL BEN/(800) 342-5236 or visit franklintempleton.com for the most recent month-end performance.

If the sales charge had been included, the return would have been lower.

The fund has an expense reduction contractually guaranteed through at least November 30, 2016. The fund may also have a fee waiver associated with any investments it makes in a Franklin Templeton money fund, an arrangement that is contractually guaranteed through at least its current fiscal year end. Fund investment results reflect the expense reduction and fee waiver, as applicable; without these reductions, the results would have been lower.

What Are the Risks

All investments involve risks, including possible loss of principal. Special risks are associated with foreign investing, including currency fluctuations, economic instability and political developments. Investments in emerging markets involve heightened risks related to the same factors, in addition to those associated with these markets' smaller size and lesser liquidity. These and other risk considerations are discussed in the fund's prospectus.

Glossary

Beta: A measure of the fund's volatility relative to the market, as represented by the stated Index. A beta greater than 1.00 indicates volatility greater than the market.

Standard Deviation: A measure of risk; the larger the standard deviation, the greater the likelihood (and risk) that a fund's performance will fluctuate.
