4. Includes: (1) current program management fee of 25 basis points; (2) current ongoing sales fees of 25 basis points for Class A and 100 basis points for Class C; and (3) the weighted average of underlying fund historical expenses. Not past or current expense information for any Plan portfolio. Class A expenses do not include front-end load; Class C expenses do not include contingent deferred sales charge of 1-4%. Plan fees are subject to change; current underlying fund expenses may differ from those used to calculate expenses and will vary in the future. Underlying fund historical expense information is: (1) for Advisor or Class Z shares (or, for S&P 500 Index Fund, Select Class shares); (2) weighted to reflect the current proportion of investment. The expenses of the underlying funds of the Franklin U.S. Government Money 529 Portfolio are being waived or reimbursed from an estimated 0.35% to 0.34%; such waivers and reimbursements may be reduced or ended at any time, which would increase future expenses. The Program Management Fee has been reduced from 0.25% to 0.00% for the Franklin U.S. Government Money 529 Portfolio since its inception date of October 8, 2014; the Program Management Fee may be increased at any time, which would increase future expenses.

5. Effective July 10, 2017, Trust Portfolios began offering Advisor Class shares. For periods prior to the Advisor Class inception date, a restated figure is used based on each Trust Portfolio's Class A performance, excluding the effect of Class A's maximum initial sales charge but reflecting the effect of the Class A sales fees; and for periods after the Trust Portfolio's Advisor Class inception date, actual Advisor Class performance is used, reflecting all charges and fees applicable to that class.
