**Performance data quoted represents past performance, which does not guarantee future results.** Current performance may be lower or higher than the figures shown. Principal value and investment returns will fluctuate, and investors' shares, when redeemed, may be worth more or less than the original cost. Performance would have been lower if fees had not been waived in various periods. Total returns assume the reinvestment of all distributions and the deduction of all fund expenses. Returns for periods of less than one year are not annualized. All classes of shares may not be available to all investors or through all distribution

1. Average Annual Total Returns shown "with sales charges" are net of the following: (1) the current annual program fee of 0.25% of plan portfolio assets; (2) the current annual sales fees of 0.25% for Class A Trust Shares and 1.00% for Class C Trust shares (not applicable for Advisor Class); (3) maximum initial sales charges up to 3.75% (Class A) or 1.00% CDSC for periods one year or less (Class C); and (4) annual expenses of the share classes of the underlying mutual funds and ETFs in which Plan portfolios invest, currently up to 0.75% of assets. Effective July 10, 2017, Trust Portfolios began offering Advisor Class shares. For periods prior to July 10, 2017, a restated figure is used based on each Trust Portfolio's Class A performance, excluding the effect of Class A's maximum initial sales charge but reflecting the effect of the Class A sales fee; and for periods after July 10, 2017, actual Advisor Class performance is used, reflecting all charges and fees applicable to that class.

2. After 6 years from the applicable purchase, Class C Trust Shares convert to Class A Trust Shares and the Annual Sales Fee declines to 0.25%.

3. For each 529 portfolio, the actual investments in each type of investment (asset class or fund) may vary plus or minus five percentage points from the percentages shown.

4. Total Annual Asset Based Fee—annual expenses of the share class of the underlying funds in which Plan portfolios invest. Underlying fund expenses will vary. Operating expenses could change due to market conditions and investment decisions made by the portfolio manager. When fee waivers are in place, the underlying funds' operating expenses are reduced. Without such waivers, returns would be lower. This fee also includes the Program fee and applicable Annual Sales fee. Please see the *Program Description* for more information.

**Performance data quoted represents past performance, which does not guarantee future results.** Current performance may be lower or higher than the figures shown. Principal value and investment returns will fluctuate, and investors' shares, when redeemed, may be worth more or less than the original cost. Performance would have been lower if fees had not been waived in various periods. Total returns assume the reinvestment of all distributions and the deduction of all fund expenses. Returns for periods of less than one year are not annualized. All classes of shares may not be available to all investors or through all distribution channels. For current month-end performance, please call Franklin Templeton at (800) DIAL BEN/342-5236 or visit [www.franklintempleton.com](http://www.franklintempleton.com).

5. Ariel 529 Portfolio—Assets of the Ariel 529 Portfolio currently are invested in the Ariel Fund, a series of Ariel Investment Trust, distributed by Ariel Distributors, LLC. The Ariel Fund's fundamental objective is long-term capital appreciation. Ariel Investments, LLC is not affiliated with Franklin Templeton. For a description of the Fund's main types of investment risks, please see the *Program Description*.

6. The Program Management Fee has been reduced from 0.25% to 0.00% for the Franklin U.S. Government Money 529 Portfolio since its inception date of October 8, 2014; the Program Management Fee may be increased at any time, which would increase future expenses.

Important Information:

**All investments involve risks, including possible loss of principal.**

**Equity securities** are subject to price fluctuation and possible loss of principal. **Small- and mid-cap stocks** involve greater risks and volatility than large-cap stocks. **International investments** are subject to special risks, including currency fluctuations and social, economic and political uncertainties, which could increase volatility. These risks are magnified in **emerging markets**. **Fixed income securities** involve interest rate, credit, inflation and reinvestment risks, and possible loss of principal. As interest rates rise, the value of fixed income securities falls. **Low-rated, high-yield bonds** are subject to greater price volatility, illiquidity and possibility of default. **Asset-backed, mortgage-backed or mortgage-related securities** are subject to prepayment and extension risks. The **investment style** may become out of favor, which may have a negative impact on performance. To the extent the portfolio invests in a **concentration of certain securities, regions or industries**, it is subject to increased volatility. The manager may consider **environmental, social and governance (ESG) criteria** in the research or investment process; however, ESG considerations may not be a determinative factor in security selection. In addition, the manager may not assess every investment for ESG criteria, and not every ESG factor may be identified or evaluated.

**Government/Treasury Money Market Funds: You could lose money by investing in the fund. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor is not required to reimburse the fund for losses, and you should not expect that the sponsor will provide financial support to the fund at any time, including during periods of market stress. Although the fund invests in US government obligations, an investment in the fund is neither insured nor guaranteed by the US government.**

**Investors should carefully consider the 529 plan's investment goals, risks, charges and expenses before investing. To obtain the *Program Description*, which contains this and other information, talk to your financial professional or call Franklin Distributors, LLC, the manager and underwriter for the 529 plan at (800) DIAL BEN / 342-5236 or visit [franklintempleton.com](http://franklintempleton.com). You should read the *Program Description* carefully before investing and consider whether your, or the beneficiary's, home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in its qualified tuition program.**

*Franklin Templeton's 529 College Savings Plan is offered and administered by the New Jersey Higher Education Student Assistance Authority (HESAA); managed and distributed by Franklin Distributors, LLC, an affiliate of Franklin Resources, Inc., which operates as Franklin Templeton.*

*The Program and its associated persons make no representations regarding the suitability of the Program's investment portfolios for any particular investor. This material is intended to be of general interest only and should not be construed as individual investment advice or a recommendation by Franklin Distributors, LLC. Other types of investments and other types of education savings vehicles may be more appropriate depending on your personal circumstances.*

*Investments in Franklin Templeton's 529 College Savings Plan are not insured by the FDIC or any other government agency and are not deposits or other obligations of any depository institution. Investments are not guaranteed by the State of New Jersey, Franklin Templeton, or its affiliates and are subject to risks, including loss of principal amount invested. Investing in the plan does not guarantee admission to any particular primary, secondary school or college, or sufficient funds for primary, secondary school or college.*
