

Western Asset Intermediate Maturity New York Municipals Fund

Class A: IMNYX Class C: SINLX Class I: LMIIX

Municipals | Factsheet as of September 30, 2025

Investment Overview

Strives to provide New York investors with as high a level of current income exempt from regular federal income tax and New York State and City personal income taxes as is consistent with the preservation of principal. Focuses on sector rotation and issuer selection primarily within intermediate-term investment grade municipal securities. Utilizes a time-tested, value-oriented investment process led by a deep and experienced team of municipal bond specialists.

Performance data quoted represents past performance, which does not guarantee future results. Current performance may be lower or higher than the figures shown. Principal value and investment returns will fluctuate, and investors' shares, when redeemed, may be worth more or less than the original cost. Performance would have been lower if fees had not been waived in various periods. Total returns assume the reinvestment of all distributions and the deduction of all fund expenses. Returns with sales charge reflect a deduction of the stated maximum sales charge. An investor cannot invest directly in an index, and unmanaged index returns do not reflect any fees, expenses or sales charges. Returns for periods of less than one year are not annualized. All classes of shares may not be available to all investors or through all distribution channels. For current month-end performance, please visit franklintempleton.com.

Effective August 2, 2021, except as noted below, Class C [including Class C, Class C-1 & Class C-2] shares will automatically convert to Class A shares after the shares have been held for 8 years from their original purchase date. The initial conversion took place on August 16, 2021. Refer to the fund's prospectus or contact your Service Agent for more information.

Share Class Details

	CUSIP	Ticker	Sales Charges (%)		Expenses (%)		Taxable Equivalent Yield (%)			
			Max	CDSC	Gross	Net	30-Day SEC Yield (%)		Without Waiver	With Waiver
							Without Waiver	With Waiver		
Class A	52469F234	IMNYX	2.25	—	0.80	0.80	2.69	2.75	4.65	4.65
Class C	52469F226	SINLX	0.00	—	1.37	1.37	2.19	2.26	3.82	3.82
Class I	52469F218	LMIIX	0.00	—	0.66	0.55	2.88	3.03	5.12	5.12

Gross expenses are the fund's total annual operating expenses as of the fund's prospectus available at the time of publication. Actual expenses may be higher and may impact portfolio returns. Net expenses reflect contractual fee waivers, expense caps and/or reimbursements, which cannot be terminated prior to 12/31/2026 without Board consent. Additional amounts may be voluntarily waived and/or reimbursed and may be modified or discontinued at any time without notice.

Morningstar Rating™

Overall Rating as of September 30, 2025

★★★★ Class A

★★★★★ Class I

As of 09/30/2025 the fund's Class I shares received a 4 star and Class A shares received a 3 star overall Morningstar rating™, measuring risk-adjusted returns against 38, 37 and 30 Muni New York Intermediate funds over the 3-, 5- and 10- year periods, respectively. A fund's overall rating is derived from a weighted average of the performance figures associated with its 3-, 5- and 10-year (if applicable) rating metrics.

Portfolio Data Information

Credit Quality is a measure of a bond issuer's ability to repay interest and principal in a timely manner. The credit ratings shown are based on each portfolio security's rating as provided by Standard and Poor's, Moody's Investors Service and/or Fitch Ratings, Ltd. and typically range from AAA (highest) to D (lowest), or an equivalent and/or similar rating. For this purpose, if two or more of the agencies have assigned differing ratings to a security, the highest rating is used. Securities that are unrated by all three agencies are reflected as such. The credit quality of the investments in the fund's portfolio does not apply to the stability or safety of the fund. These ratings are updated monthly and may change over time. **Please note, the Fund itself has not been rated by an independent rating agency.**

Portfolio Description

Western Asset Management is one of the world's leading global fixed income managers. Founded in 1971, the firm is known for team management and proprietary research, supported by robust risk management and a long-term fundamental value approach. Each group of sector specialists utilizes their expertise in bottom-up analysis of each portfolio sector.

What should I know before investing?

All investments involve risks, including possible loss of principal. Fixed income securities involve interest rate, credit, inflation and reinvestment risks, and possible loss of principal. As interest rates rise, the value of fixed income securities falls. Portfolios focused on a **single state** are subject to greater risk of adverse economic and regulatory changes in that state than a geographically diversified fund. **Low-rated, high-yield bonds** are subject to greater price volatility, illiquidity and possibility of default. The portfolio is **non-diversified** and may invest in a relatively small number of issuers, which may negatively impact the fund's performance and result in greater fluctuation in the value of the fund's shares. **Derivative instruments** can be illiquid, may disproportionately increase losses, and have a potentially large impact on performance. An investor may be subject to the federal **Alternative Minimum Tax**, and state and local taxes may apply. These and other risks are discussed in the fund's prospectus.

Glossary

Beta: A measure of the fund's volatility relative to the market, as represented by the stated Index. A beta greater than 1.00 indicates volatility greater than the market. **R-squared** measures the strength of the linear relationship between the fund and its benchmark. R-squared at 1 implies perfect linear relationship and zero implies no relationship exists. **Sharpe Ratio** refers to a risk-adjusted measure calculated using standard deviation and excess returns to determine reward per unit of risk. The higher the ratio, the greater the risk-adjusted performance. **Standard Deviation:** Measure of the degree to which a fund's return varies from the average of its previous returns. The larger the standard deviation, the greater the likelihood (and risk) that a fund's performance will fluctuate from the average return. The **30-day SEC yield** is calculated using the net income (interest and dividends) per share earned over a trailing 30-day period (annualized), divided by the fund's share price at the end of that period. It may not equal the fund's actual income distribution rate, which reflects the fund's past dividends paid to shareholders. **Taxable Equivalent Yield:** The Taxable Equivalent Yield assumes the maximum regular federal income tax rate, maximum state personal income tax, and Medicare tax in effect on June 2025. **Turnover** is a measure of the fund's trading activity which represents the portion of the fund's holdings that has changed over a twelve-month period through the fiscal year end. There is no assurance that the fund will maintain its current level of turnover. **Average Life:** An estimate of the number of years to maturity, taking the possibility of early payments into account, for the underlying holdings. **Effective Duration** is a duration calculation for bonds with embedded options. Effective duration takes into account that expected cash flows will fluctuate as interest rates change. Duration measures the sensitivity of price (the value of principal) of a fixed-income investment to a change in interest rates. The higher the duration number, the more sensitive a fixed-income investment will be to interest rate changes. **AMT Exposure** measures the percentage of a fund's assets invested in bonds with income subject to the alternative minimum tax (AMT).

Important Information

The **Bloomberg New York Intermediate Municipal Bond Index** is a market value weighted index of New York investment-grade (Baa3/BBB- or higher) fixed-rate municipal bonds with maturities of five to 10 years. Source: Bloomberg Indices. Important data provider notices and terms available at www.franklintempletondatasources.com. All data is subject to change. **Morningstar Rating™:** Source: Morningstar®, 09/30/2025. For each mutual fund and ETF with at least a 3-year history, Morningstar calculates a Morningstar Rating™ based on how a fund ranks on a Morningstar Risk-Adjusted Return measure against other funds in the same category. This measure takes into account variations in a fund's monthly performance, and does not take into account the effects of sales charges and loads, placing more emphasis on downward variations and rewarding consistent performance. The top 10% of funds in each category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars and the bottom 10% receive 1 star. The weights are: 100% 3-year rating for 36-59 months of total returns, 60% 5-year rating/40% 3-year rating for 60-119 months of total returns, and 50% 10-year rating/30% 5-year rating/20% 3-year rating for 120 or more months of total returns. While the 10-year overall star rating formula seems to give the most weight to the 10-year period, the most recent 3-year period actually has the greatest impact because it is included in all three rating periods. The fund's Class I shares received a Morningstar Rating of 3, 5 and 4 and fund's Class A shares received a Morningstar Rating of 3, 4 and 3 star(s) for the 3-, 5- and 10-year periods, respectively. Franklin Templeton provides this fund's Morningstar Rating™ for Class I and Class A shares only. Other share classes may have different Morningstar ratings. © Franklin Distributors, LLC. Member FINRA/SIPC. Western Asset Management Company, LLC, and Franklin Distributors, LLC, are Franklin Templeton companies.

Before investing, carefully consider a fund's investment objectives, risks, charges and expenses. You can find this and other information in each prospectus, or summary prospectus, if available, at www.franklintempleton.com. Please read it carefully.
