Franklin Templeton Charitable Giving Program

Donor program circular

Thank you for considering the Franklin Templeton Charitable Giving Program. Our Donor-Advised Fund¹ provides clients with a simple and flexible way to give to a favorite charity. It is dedicated to helping individuals effectively reach their philanthropic goals while maximizing the impact of their gifts.

Since 2005, the Franklin Templeton Charitable Giving Program has been serviced by Renaissance Charitable Foundation Inc. (RCF)²—an industry leader helping clients achieve philanthropic goals. Together, donors have granted over \$2.1 billion to charities through the Franklin Templeton Charitable Giving Program over the past 20+ years.³

The Franklin Templeton Charitable Giving Program is a simple alternative to creating a private foundation, giving you the opportunity to make charitable contributions that are immediately deductible, and that can be invested and grow tax-free. When ready, you can make grant recommendations to charities or causes that are important to you. Families can even establish multi-generational charitable giving.

Take a moment to review the program circular to understand the benefits and actions required to open an account.

1. A donor-advised fund is a separately identified account that is maintained and operated by a section 501(c)(3) organization, and is not a registered investment company.

2. Renaissance is a charitable organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code") and further qualifies as a public charity under Section 509(a)(1), 170(b)(1)(A), and 4966(d)(1) of the Code.

3. Total grants since inception in 2005 as of March 2026, reported by Renaissance.

Benefits

In addition to the satisfaction of pursuing your charitable goals, few charitable giving options provide the versatility and tax efficiency of a donor-advised fund. Franklin Templeton Charitable Giving Program provides many significant benefits. As a donor, you benefit from:

Flexibility and control

Maximize your giving power

Your contributions to the program are invested in one or more professionally managed Franklin Templeton mutual funds, providing the potential for compound tax-free growth over time—potentially enhancing your ability to make even more grants to charities in the future.

Give anonymously

You may also choose to make charitable grants anonymously, keeping your name and personal information confidential.

Establish a legacy of giving

You're able to name grant advisors who can recommend grants from your account, and select successors who can recommend grants to continue your charitable legacy beyond your lifetime.

Tax advantages

Enjoy an immediate tax reduction

Your contributions to the program are fully tax-deductible in the year they're made. Unused tax deductions may be carried forward for up to five additional years subject to applicable limitations under the Code.

Donate appreciated assets tax-free

When you contribute appreciated assets to the program, you can generally deduct their full fair market value from your taxable income—and avoid US federal capital gains tax liability. This might include securities and improved or unimproved real estate.

Operational ease

Separate tax planning and charitable decisions

You can realize immediate tax advantages now and make grants to charity later. Franklin Templeton Charitable Giving Program eliminates the pressure of having to select and donate to a charity by year-end.

Simplify recordkeeping

Franklin Templeton Charitable Giving Program provides consolidated reporting and recordkeeping. You receive quarterly account statements, gift receipts and tax reporting information from RCF.

Advantages of donating appreciated assets: A win for you. A win for charity.

Franklin Templeton Charitable Giving Program provides an efficient way to contribute appreciated assets to charity. When you contribute them to your account, you can generally deduct the assets' fair market value from your income without incurring any US federal capital gains tax liability—so you can give more, at less cost to you.

Example

Phillip Smith invested \$10,000 in an initial public offering (IPO) several years ago. Today the shares are worth \$100,000. Phillip would like to use the shares to establish a scholarship program at his alma mater to give less fortunate students the chance to earn an education. He has several options, among them selling his stock and giving the cash proceeds to the university, or contributing the appreciated securities to his Franklin Templeton Charitable Giving Program account.

The tax and giving advantages of donating appreciated assets are illustrated in the table below. The example assumes a contribution of \$100,000 in long-term, appreciated property, with a cost basis of \$10,000 (does not include liquidation costs).

	Option 1: Sell and Donate Sell asset and donate the cash proceeds to charity	Option 2: Donate Donate the asset directly to Franklin Templeton Charitable Giving Program
Current Value of Asset	\$100,000	\$100,000
US Federal Capital Gains Tax Paid by Donor (21.54% of \$90,000)⁴	\$21,420	\$0
Amount Received by Charity	\$78,580	\$100,000—charity receives an additional \$21,420
Income Tax Savings to Donor (35% Bracket)⁵	\$27,503	\$35,000
“Cost” of Donation to Donor	\$72,497	\$65,000—donor saves \$7,497

The above example is for illustrative purposes only. Franklin Templeton does not provide legal or tax advice. Federal and state laws and regulations are complex and subject to change, which can materially impact results. Franklin Distributors, LLC cannot guarantee that such information is accurate, complete or timely, and disclaims any liability arising out of your use of, or any tax position taken in reliance on, such information. See page 12 for a list of administrative fees and investment expenses in the charitable giving program.

Glossary of terms

Donor-advised fund (DAF):

A separately identified account that is maintained and operated by a section 501(c)(3) organization and is not a registered investment company.

Donors:

Individuals or entities that contribute to a DAF. The donor can recommend the grant advisor and financial professional that serves the DAF.

Grants:

Payments made from a DAF to a charitable organization for which the charity provides no benefits to the grant advisor.

Grant advisors:

Individuals or entities that can recommend grants and changes in the financial professional and investments for a DAF. Usually, the initial donor is the DAF grant advisor. Grant advisors can also designate a successor grant advisor.

4. For high-net-worth individuals, the long-term capital gain tax rate is 20% and the Medicare is 1.45% + .9 (for wages that exceed \$200,000) = 1.54 in 2024. The example does not account for state and local taxes.

5. Tax savings assume a full deduction for charitable contributions. Your actual tax savings may be less.

Establishing an account

Both individuals and groups can open an account in Franklin Templeton Charitable Giving Program.

Opening an account

An account can be opened by completing the *Donor Contribution Agreement* on page 19. Please return the completed, signed Agreement to your financial professional. Your financial professional will activate your account online. Additional forms are available at ft.donorfirstx.com or by calling (800) 843-7997.

Account Facts

Initial Contribution	The initial contribution must be at least \$5,000.
Additions to the Account	Subsequent contributions must be at least \$1,000 and can be made at any time.
Irrevocable Contributions⁶	Contributions to Franklin Templeton Charitable Giving Program are irrevocable and unconditional.
Types of Contributions	Donors may contribute cash, stocks, bonds and mutual funds. Real estate, collectibles, cryptocurrency, privately held or restricted stock may also be contributed to an account; however, the transfer may take longer, may involve additional cost and is subject to special instructions. Donors should speak to their financial professional about the various types of gifts they may wish to contribute.
Naming the Account	Donors will be asked to name their account for use in correspondence and for publications. Donors may want the name to reflect the charitable goals of their account; for example, "The Smith Family Educational Fund" or "The Charles Jones Ecological Fund."
Grant Advisors	Donors may assign Grant Advisors to the account who can recommend grants during the donor's lifetime. A Grant Advisor is usually the donor, or a spouse, child, relative or friend the donor believes will recommend grants from the account intended to be consistent with the donor's areas of interest.
Successors and Charitable Beneficiaries	Donors may name one or more successors or charitable beneficiaries to the account. A successor gains full responsibility for the account upon the death or resignation of all the original donors, including the ability to make contributions, recommend grants and name Grant Advisors and successors. A charitable organization may be named as the account beneficiary if the donor prefers to have all of the remaining assets in the account or 4% of the account annually granted to a charitable organization upon the death of all original donors. In the event the recommended charity no longer exists or does not qualify to receive grants from a donor-advised fund, RCF will award grants to a charity similar to the original charity.
Area of Interest	To honor the charitable intent of the original donor, donors are required to indicate a charitable organization, an area of interest or a geographical area (for example, The Salvation Army, cancer research, New York City historic preservation). In the event the account has no grant or contribution activity for three consecutive years, RCF will make reasonable attempts to contact the donor or named successors of record. If RCF cannot contact those parties, its Board of Directors will direct grants from the account to the original donor's area of interest.

6. Contributions to Franklin Templeton Charitable Giving Program are irrevocable contributions made to Renaissance Charitable Foundation Inc., a 501(c)(3) public charity. Individuals considering a contribution to Franklin Templeton Charitable Giving Program should consult their legal and tax professional regarding deductions, based on their personal considerations.

Funding an account

A Franklin Templeton Charitable Giving Program account may be funded in the following ways:

Check, wire or transfer

Contributions can be wired, transferred from a bank account or an existing Franklin Templeton account or made by check and mailed using the forms included in the donor kit or those available at ft.donorfirstx.com.

Publicly traded stocks, bonds and mutual funds

Publicly traded stocks, bonds and mutual funds can be transferred (“in-kind”) from an existing Franklin Templeton account or an account at another financial institution.

Other contributions

If the contribution involves mutual funds, bonds, real estate, cryptocurrency, restricted stock or other non-publicly traded securities, the donor should have their financial professional contact Renaissance Charitable Foundation at (800) 843-7997.

RCF will review all contributions and if approved, donors will receive a written acknowledgement once a contribution has been invested. For contributions of appreciated, publicly traded securities, RCF’s receipt will include a good-faith estimate of the fair market value on the date the contribution is made. If for any reason a contribution is not accepted, it will be returned to the account of origin.

Deferred contributions

A Franklin Templeton Charitable Giving Program account may be named as the beneficiary of a charitable bequest, a charitable remainder trust, charitable lead trust, a qualified retirement plan or a private foundation. When doing this, RCF should be named for deferred contributions in care of the donor’s account in Franklin Templeton Charitable Giving Program.

Donors should first consult their tax, legal and financial professionals when setting up any deferred contribution or trust. To open an account with a deferred contribution, donors should complete a *Donor Contribution Agreement*, name the account and choose successors or charitable beneficiaries.

Account valuation

“It is every man’s obligation to put back into the world at least the equivalent of what he takes out of it.”

Dr. Albert Einstein

Check, wire or transfer

Franklin Templeton Charitable Giving Program account will be credited with the value of the donor’s contribution.

Publicly traded stock

The account will be credited with the net proceeds, after liquidation costs, from the sale of the securities contributed by the donor.

Liquidation

The Program will seek to liquidate securities contributed by the donor promptly, which is usually on the next trading day but only after RCF matches the contributed securities with a specific donor.

Account value and income

At any point, account value will be computed as the sum of the initial net contributions plus interest, dividends and other investment income, including capital gain distributions from underlying investment vehicles, less grant distributions and other operating expenses. The value of the account will also fluctuate with market movements.

If your contribution includes the following, please contact your financial professional or call Renaissance Charitable Foundation at (800) 843-7997, for assistance in determining eligibility.

- 1 | Restricted, closely held or non-publicly traded securities
- 2 | Appreciated real estate
- 3 | Art or other collectibles

Trading disclosure

In its sole discretion, RCF will determine the timing and execution of a sales strategy for any asset, including a contributed asset, and reserves the right to sell at any time. Generally, RCF liquidates contributed assets only after associating a contribution with its Donor. Some assets, such as large positions and shares traded on a foreign exchange, may take multiple trading days to liquidate. At its sole discretion, RCF may engage a third-party broker or a trading desk to determine and execute a selling strategy. Any costs, including commissions, incurred in managing or liquidating an asset will be paid from the sale proceeds. Market fluctuations and costs to liquidate an asset may cause the net liquidation proceeds of a contributed asset to be worth more or less than the value of the contribution to the DAF.

Investment options

Franklin Templeton provides professional investment management for the Franklin Templeton Charitable Giving Program.

Each time you make a contribution to your Franklin Templeton Charitable Giving account, you can select the investment option(s) for that contribution, providing the potential to grow your contributed assets and an opportunity to increase the amount you have available for charitable grants in the future.

Investing your contribution

Donors have the option to choose their investments by allocating their contribution among the following Franklin Templeton mutual funds:

Global

Templeton Growth Fund, Inc.

The fund seeks long-term capital growth by investing primarily in the equity securities of companies located anywhere in the world, including developing markets.

Growth

Franklin Growth Opportunities Fund

The fund seeks capital appreciation by investing predominantly in equity securities of companies demonstrating accelerating growth, increasing profitability, or above average growth or growth potential as compared with the overall economy.

Franklin Growth Fund

The fund seeks long-term capital appreciation by investing substantially in the equity securities of companies that are leaders in their industries, and which the managers believe are suitable for a buy-and-hold strategy.

Franklin Small-Mid Cap Growth Fund

The fund seeks long-term capital growth by investing at least 80% of its net assets in equity securities of small and medium-sized companies, within the market capitalization ranges of the Russell 2500® Index for small-sized companies and Russell Midcap® Index for medium-sized companies, at the time of purchase.

All investments involve risks, including possible loss of principal.

Value

Franklin Mutual Shares Fund

The fund seeks capital appreciation, which may occasionally be short term, with income as a secondary goal. Its strategy is focused on undervalued mid- and large-cap equity securities, which may include foreign securities and, to a lesser extent, distressed securities and merger arbitrage.

Blend

Franklin Rising Dividends Fund

The fund seeks long-term capital appreciation by investing at least 80% of its net assets in companies of any size that have paid consistently rising dividends.

Fixed income

Franklin U.S. Government Money Fund*

The investment objective of the fund is to seek high current income as is consistent with the preservation of shareholders' capital and liquidity. The fund will invest at least 99.5% of its total assets in the U.S. government securities, cash and repurchase agreements collateralized fully by the U.S. government securities or cash. The fund seeks to maintain a stable \$1 share price.

Franklin Total Return Fund

The fund seeks to provide high current income consistent with preservation of capital. Capital appreciation over the long term is a secondary goal. The fund primarily invests in debt securities, which may be represented by derivatives that provide exposure to debt securities. The fund focuses on government and corporate debt securities and mortgage- and asset-backed securities.

Franklin U.S. Government Securities Fund

The fund's investment goal is income. Since 1983, the fund has invested substantially in Government National Mortgage Association securities, or Ginnie Maes (GNMAs). These securities carry a guarantee backed by the full faith and credit of the US government as to timely payment of principal and interest.

* You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the Fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor is not required to reimburse the fund for losses, and you should not expect that the sponsor will provide financial support to the fund at any time, including during periods of market stress. Although the fund invests in US government obligations, an investment in the fund is neither insured nor guaranteed by the U.S. government.

Hybrid

Franklin Equity Income Fund

The fund's investment goal is to maximize total return by emphasizing high current income and long-term capital appreciation, consistent with reasonable risk. The fund normally invests at least 80% of its net assets in equity securities, with a focus on financially-strong "blue chip" companies, and the remainder of its assets in other equity-related instruments such as convertible securities and equity-linked notes.

Franklin Income Fund

The fund seeks to maximize income, while maintaining prospects for capital appreciation, by investing in a diversified portfolio of stocks and bonds.

All investments involve risks, including possible loss of principal. *Investors should carefully consider a fund's investment goals, risks, charges and expenses before investing. To obtain a summary prospectus and/or prospectus, which contains this and other information, talk to your financial professional, call RCF at (800) 843-7997 or visit franklintempleton.com. Please carefully read a prospectus before you invest or send money. See Important Disclosures on pages 17 & 18 for more information.*

RCF will invest the donor's contribution as soon as administratively possible, though the date of purchase may be delayed by market deadlines, trade settlements and other factors. The value of each investment will be determined at the end of each business day, based on the prices of the underlying mutual fund shares. This value will include any realized or unrealized gains or losses and undistributed net investment income attributable to the investments (if applicable).

Donors may select up to five different funds for their investment allocation. Donors may change their investment strategy composition by submitting a reallocation request. If a donor does not select an investment strategy, the contributions will be automatically invested in the Franklin U.S. Government Securities Fund. The Program's Board of Directors has the sole responsibility and authority for investing the program's assets and may adjust the composition of its investment strategies from time to time. Please remember, there is no assurance that any mutual fund will achieve its objective. Share prices and investment returns will fluctuate with changes in the market.

Tax deductions

“If you want one year of prosperity, grow grain. If you want ten years of prosperity, grow trees. If you want one hundred years of prosperity, grow people.”

Chinese Proverb

Franklin Templeton Charitable Giving Program offers many tax advantages. In addition to receiving an immediate federal income tax deduction, you have the opportunity to lower your current taxes, and the convenience of being able to more easily track and plan your charitable activities for future tax years.

Your contributions to the program are considered irrevocable charitable donations, fully deductible on the date it's received by RCF. The extent of your deduction depends on the type of asset being contributed, as well as your particular tax situation. *Please consult your legal or tax professional for more information.*

Check, wire or transfer contributions

Cash contributions are eligible for a federal income tax deduction of up to 60% of your adjusted gross income (AGI) in the tax year in which the contribution is made or 50% depending on your other charitable gifts. If your contribution exceeds this limit, you may carry the deduction forward up to five years.

Publicly traded securities

For publicly traded securities held for more than one year, the amount of the deduction is the mean value of the high and low prices of the security on the date of the contribution.

You may generally deduct up to 30% of your AGI for contributions of appreciated securities held more than one year. For securities held for one year or less, the deduction is based on either your cost basis or fair market value, whichever is lower. If your contribution exceeds the 30% AGI limit, you can carry the deduction forward up to five years.

Estate taxes

All contributions to Franklin Templeton Charitable Giving Program are irrevocable contributions and therefore are not subject to estate taxes.

Account growth

Any growth of your donor-advised fund account resulting from investment growth is exempt from US federal income taxes, but is not deductible.

Capital gains

One of the most rewarding benefits of donor-advised funds is the ability to contribute appreciated assets without incurring US federal capital gains tax liability.

Recommending grants

Donors and Grant Advisors may recommend grants to qualified charitable organizations by submitting a Grant Recommendation Request through the dedicated online Donor Portal at ft.donorfirstx.com. Upon receipt of a donor's recommendation, RCF will verify that the charitable organization is eligible to receive the grant (see Allowable Charities and Restrictions below).

Grants are made electronically (via Automated Clearing House (ACH)) or by check, depending on the charity. Each grant will include the name of the Franklin Templeton Charitable Giving Program account and a letter will be provided reflecting the donor's preference, which could include the account name and the donor's name, a special acknowledgment (e.g. in memory of, in honor of) or no donor information, if preferred. Quarterly statements will list the donor-advised fund account's grants for the preceding quarter.

Grant Facts

Anonymous Grants	Donors can designate that a grant be anonymous or be given in the name of another individual.
Allocating Grants	Grants funded by redeeming fund shares will be processed in a manner that maintains the current portfolio allocation.
Minimum Grant Amounts	The minimum grant amount is \$50.
Number of Grants	Donors may make unlimited grants from an account.

Allowable charities

Grants can be made to qualified charities and nonprofit organizations recognized by the IRS as able to receive tax-deductible contributions.

Public charities

Grants can be made to charitable organizations that are tax-exempt under Code Section 501(c)(3) and to certain private foundations under Code Section 509(a). Grants can be made to private operating foundations but cannot be made to private non-operating foundations or to certain supporting organizations.⁷

Religious and educational

Most established religious organizations and educational institutions are not listed as 501(c)(3) nonprofits but are nevertheless tax-exempt charitable organizations. RCF will facilitate making grants to such organizations.

Foreign charitable organizations

RCF can make grants to certain foreign charities. If applicable, additional fees may be charged to the account for any additional due diligence and processing costs.

Restrictions

General restrictions

RCF will not approve grants to individuals, to private non-operating foundations or to political candidates or parties. RCF also will not approve grants to satisfy a pre-existing pledge or for any private benefit such as dues, tuition, membership fees, or goods purchased at a charitable auction.

⁷ *Non-functionally Integrated Type III Supporting Organizations*: Type III supporting organizations that are not "functionally integrated" are not eligible to receive grants from RCF. Supporting organizations are public charities described in sections 501(c)(3) and 509(a)(3) of the Code, which are organized and operated exclusively for the benefit of specified public charities. Supporting organizations are public charities specifically defined by the type of relationship they have with their publicly supported organizations. Section 4943(f)(5)(A) for the Code describes "Type III" supporting organizations. Type III supporting organizations that are "not functionally integrated" are those other than Type III supporting organizations described in section 4943(f)(5)(B) of the Code.

Fees and expenses

Charitable administration fee

Renaissance charges an annual administrative fee, applied monthly, as compensation for its services under this Agreement as provided in this section. Unless a special fee arrangement is agreed to for a specific DAF, each DAF shall bear its own portion of the annual administration fee based on the weighted average of the basis points associated with each asset tier in the following fee schedule:

Month-End Account Balance	Annual Administration Fee ⁸
Up to \$1,000,000	0.75% of assets or \$100 (whichever is greater)
Next \$1,500,000	0.65%
Next \$2,500,000	0.55%
Assets over \$5,000,000	0.35%

Each month, Renaissance will be entitled to assess, in arrears, a $\frac{1}{12}$ portion of the annual administrative fee for each DAF in the DAF Program with the annual administrative fee for each DAF in that month based on the market value of such DAF on the last business day of the prior month. Each month, Renaissance shall withdraw such fee from the investments held in the DAF Program.

For clarity, the following is an example of how the monthly fees would be assessed by Renaissance:

Example

If a DAF has a balance of \$75,000 on January 31, the monthly fee assessed by Renaissance for January would be 0.0625% (0.75% divided by 12) multiplied by \$75,000, or \$46.88.

If, on February 28, the same DAF has a balance of \$8,000,000, the monthly fee assessed for February would be \$3,458.33, calculated as follows:

Tier 1	0.75% x \$1,000,000	\$7,500
Tier 2	0.65% x \$1,500,000	\$9,750
Tier 3	0.55% x \$2,500,000	\$13,750
Tier 4	0.35% x \$3,000,000	\$10,500
Sum of Tiers 1–4		\$41,500
Sum Divided by 1/12		\$3,458.33

8. Renaissance reserves the right to increase annually the Annual Administration Fee to correct for inflation. Such increase will be based on the Consumer Price Index as published by the U.S. Bureau of Labor Statistics and will be capped at 3%. Renaissance will provide at least ninety (90) days prior written notice to Customer of any increase to the Annual Administration Fee.

Gifts of stock

Giving stock is a tax-efficient way to make a charitable gift. You receive a US federal income tax deduction for the fair market value of your stock on the date of your gift and avoid all US federal capital gains taxes that would have been due if you sold the stock first.

There are two main ways to make a stock gift to Renaissance Charitable Foundation Inc.: by electronic transfer or by mailing your certificates. Electronic transfer works much faster.

Electronic transfer of shares

- 1 | Provide written instructions for your financial professional to make a transfer to Renaissance Charitable Foundation Inc., specifying the name of the stock and the number of shares to be transferred. If you instruct your financial professional verbally, we suggest you follow up in writing.
- 2 | Your financial professional will need the following routing information to transfer stock into Renaissance Charitable Foundation's account:

DTC/ACAT

Bank Name: Wells Fargo Clearing Services, LLC

DTC Participant #: 0141

Account Name: Renaissance Charitable Foundation Inc.

Account #: 5545-7454

FBO: Franklin Templeton Charitable Gift Program

Donor Name/Account #:

Transfer of shares held in certificate form

Please contact Renaissance Charitable Foundation at (800) 843-7997 for forms needed to gift share certificates.

DO NOT sign the back of your certificate(s). Doing so will delay the date of your gift until the certificates are transferred into our name on the company's records.

Renaissance Charitable Foundation Inc.
c/o Franklin Templeton Charitable Giving Program
8888 Keystone Crossing, Suite 1222
Indianapolis, IN 46240

IMPORTANT: For all gifts of stock made by electronic transfer—including gifts you may make in the future—you or your financial professional must promptly notify Renaissance Charitable Foundation Inc. so that proceeds can be allocated to the correct account and receipt of your gift can be sent to you for your tax records.

- Notification can be made by identifying your gift on the initial *Donor Contribution Agreement* (page 19).
- After the account is established, identify future gifts by logging into the account at ft.donorfirstx.com, submitting an *Additional Contribution Agreement* or by calling Renaissance Charitable Foundation at (800) 843-7997.

Stock valuation

- The date of your gift is the date on which you give up control. In most cases, this is the date you transfer the shares electronically into Renaissance Charitable Foundation's account or the postmark date on which you mail your certificates, stock powers, stock waivers, and/or Letters of Authorization to Renaissance Charitable Foundation. In some cases, the date of your gift is delayed until the company's transfer agent changes their official records to reflect ownership of the shares by Renaissance Charitable Foundation.
- In most cases, the tax-deductible value of your gift is the average of the highest and lowest trading prices on the date of your gift multiplied by the number of shares given.

For further information, please contact Renaissance Charitable Foundation at (800) 843-7997 or visit ft.donorfirstx.com.
