

Putnam U.S. Research Trust, Class IC
Disclosure for ERISA 408(b)(2) Reporting
May 2025

A. Background

Section 408(b)(2) of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), requires a “covered service provider” to a retirement plan (“Plan”) to disclose the compensation that it receives in connection with providing services to the Plan. Putnam Fiduciary Trust Company, LLC (“PFTC” and together with its affiliates, “Putnam”), as trustee of the Putnam Large Cap Value Trust (the “Fund”), in which your Plan has invested, is a covered service provider. This report is designed to meet Putnam’s disclosure obligations under ERISA Section 408(b)(2). Please review it in combination with the Plan’s participation agreement (or investment instructions) as well as the offering statement, declaration of trust, and most recent annual report for the Fund.

Putnam is an indirect, wholly-owned subsidiary of Franklin Resources, Inc. (“Franklin Resources”). Franklin Resources is a global investment management organization operating, together with its subsidiaries, as Franklin Templeton.

B. Explanation of Services

The Fund is a collective trust established and maintained by PFTC. As trustee, PFTC is responsible for making investment decisions for the Fund and managing the Fund’s other affairs and business. PFTC invests the assets in accordance with the investment objective of the Fund, which is described in detail in the offering statement.

PFTC has contracted with its affiliate, The Putnam Advisory Company, LLC (“PAC”), to provide certain non-discretionary investment advisory and administrative services to PFTC in connection with the Fund. The fees for these services will be borne by PFTC.

C. Fiduciary Status

PFTC is a fiduciary for the Fund, and accordingly, for your Plan with respect to the assets invested in the Fund. PAC is a fiduciary for your Plan and is an investment adviser registered under the Investment Advisers Act of 1940.

D. Compensation

Management Fee. Your plan pays a management fee equal to 0.23% of the plan’s assets invested in the Fund. This fee is deducted from your assets in the Fund. For more information, see the section entitled “Management Fees and Other Expenses” in the Fund’s offering statement.

The Fund also bears other operating expenses, as described further in the offering statement. For the Fund’s Total Annual Operating Expense Ratio, which includes all Fund expenses, please refer to the chart below under “Investment Disclosures.”

Soft dollar arrangements. Putnam, consistent with the safe harbor provisions of Section 28(e) under the Securities Exchange Act of 1934, obtains “research” from broker-dealers (“proprietary research”) or third parties paid by broker-dealers (“third-party research”) using commissions generated by security trades on behalf of clients. At present, Putnam generally does not use “soft dollars” to obtain “brokerage services.” The research so obtained includes: economic analysis,

investment research, industry and company reviews, statistical information, market data, evaluations of investments, recommendations as to the purchase and sale of investments, access to company management, attendance at industry seminars, and performance measurement services. Any given broker-dealer or third-party research firm may provide Putnam with one or more of the above categories of research, and Putnam may acquire different research services from a firm over different periods. With the exception of market data, which is generally obtained as third-party research, there generally is no categorical distinction between third-party research and proprietary research. Third-party research may be provided by firms that are registered broker-dealers but with whom Putnam does not trade. Additional information regarding soft dollars and/or brokerage and research services is provided in Part 2 (including the section titled “Brokerage Practices”) of the Form ADV for The Putnam Advisory Company, LLC, which serves as sub-adviser to PFTC for the Fund, which is available upon request.

Below is a list of the top 20 third-party and proprietary research providers from whom Putnam received research in 2024. The research was not provided to Putnam with respect to any specific Putnam investment product or retirement plan client and, if applicable, is generally not provided in relation to fixed income transactions. As a result, it is impracticable to provide a reasonable estimate of the value of the services received applicable to any specific plan. Putnam received research from other providers in 2024 which was of insubstantial value with respect to any plan and therefore not provided below.

Gifts and Entertainment. PFTC may receive indirect compensation from parties other than the Plan or the Fund in connection with managing the Fund. Putnam employees, including portfolio managers, may receive limited gifts and entertainment from third parties. Under Putnam's policies and procedures, any gifts and entertainment must be of a reasonable value so they do not influence the nature of the investment advice given to clients, the selection of broker-dealers to execute portfolio trades, or other business decisions.

Termination. There is no fee for termination of the services provided by PFTC.
